Brain Development

*The main purpose
of Mas Abacus is
to help children to achieve
the whole brain development*

*Mas Abacus training will
stimulate both sides of the brains by way of exercises
to enhance both their logical and creative brains simultaneously*

The Multiple Skill set
Accumulate in the way of Abacus.

Progressive Skill

The children will face more complexity while the level increases in Abacus Learning. Since maths deals with problems it becomes monotonous for kids. But our software makes the children alive, helps them practice sums on a gaming platform that is bright and vibrant.

Why MAS ABACUS ?

The mas abacus gives a wholesome experience as it nurtures the mental formation of the children. They find amazing improvements in their concentration, memory, Listening skills, learning ability, creativity, imagination, self confidence, visualization, speed of accuracy, problem solving skills, Mathematical proficiency and much more. As a result they become outstanding students in school. They also develop a lot of skills like concentration, memory, imagination and etc.

Mas abacus children enjoy an excellent concentration and unbelievable memory they retain everything in their memory as they grasp them with keen observation as a result they produce better result with minimum effort with regard to academics children have no more hard work but it is just a smart work. Late bloomers become excellent achievers, and so they become a leading captain and not an ordinary player.

Utilize the Opportunity,
You can become a successful...

Franchise

Education plays a vital role in providing growth opportunities in today's world. Every parent is very keen on his / her child's learning ability. As the world population is increasing considerably, there arises the need for finding solutions for the entire world problems, which are emerging in day to day life. This enables an immense need for leaders, not just leaders but everyone who can think on his own to solve his own problems and the problems of the world. This kindled us to train each and every child in MAS ABACUS to learn quickly and effectively, to imagine concentrating to use own brain more effectively than ever. This is the business opportunity that we are focussing at. If you are a self motivated person, consistently aiming for quality and customer satisfaction in any business, and fulfill the following requirements.

You can become a successful MAS ABACUS Franchise in your area

License

We will be greatly pleased to set up a centre in your area if you can provide a small room of 250 sq.ft which will accommodate 15 children to sit and more around and a total investment of Rs.50,000 – Rs.75,000.

Some of the concepts in which we are specializing are Advanced Abacus, Neuro Linguistic programming, Brain Gym, Neurobics & personality development skills. We are here to help you step by step in your entrepreneurial, transformation. We help you to get the first batch of students, with which you can start a comfortable teaching, what you learnt from us.

Our preference for a faculty

- Only ladies are eligible to become faculties.
- Graduate with a good command of English.
- Below 45 years of age.

You will be trained every 3 months and our experienced trainers will monitor your progress and ensure that you become one of the world class Mas Abacus tutors.

Annual events across the world and regional events in your area conducted to motivate you and your centre to seek higher success in your performance. You will be thrilled to see our words with action through video which projects our past events.
